Neck and shoulder problems affect people of all ages. Improper sleeping positions or poor postures at work are some of the causes of soreness. But persistent soreness can be alleviated with stretching, exercise, or massage. This neck and shoulder massager can provide quick relief at home or in the office

Where is the Human Centered Design in the product?

Simulated Hand Kneading Massage

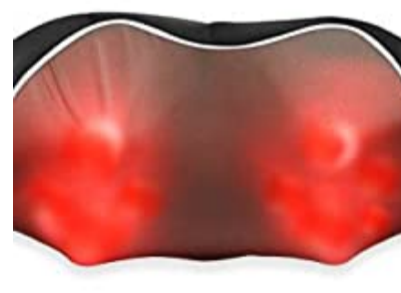

3D rotating massage nodes is designed to simulate real human hands, providing you a deep kneading effect that massages muscles thoroughly.

8 Deep-Kneading Shiatsu Massage Nodes

8 rotation massage nodes work wonders to relieve aches, knots and muscle tension, providing you a deep kneading shiatsu massage experience.

Soothing Heat Function

Soothing Heat Function

The heat function adds an extra touch of muscle-soothing intensity. Heat function can be turned on/off to your preference. (Up to 118 °F)

Adjustable Massage Intensity

There are 3 selectable speeds (slow, medium, fast) which allows you to find the right amount of pressure.
